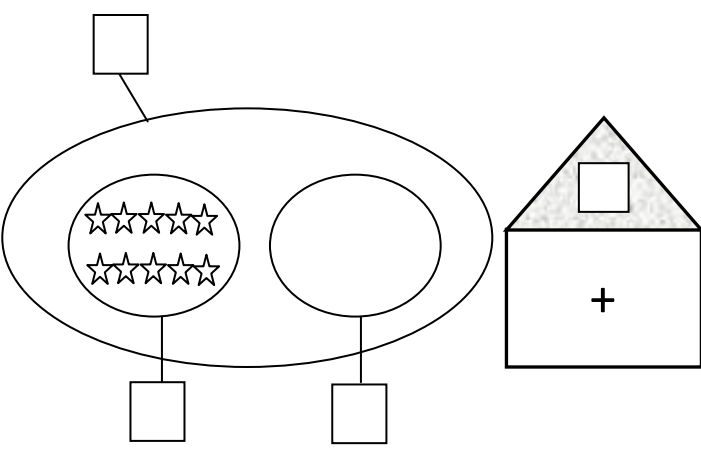

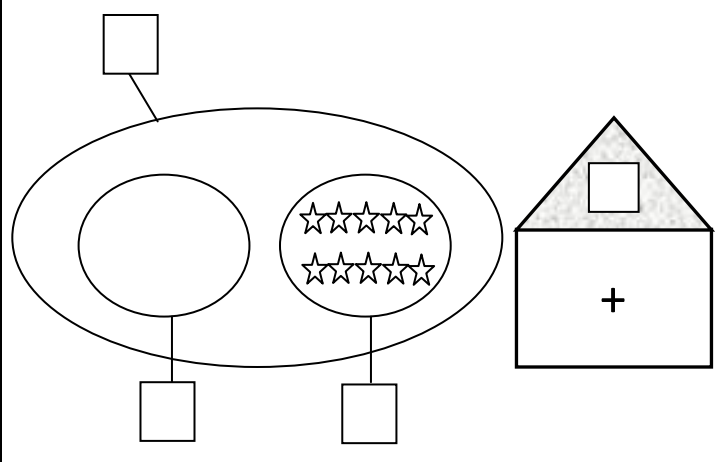

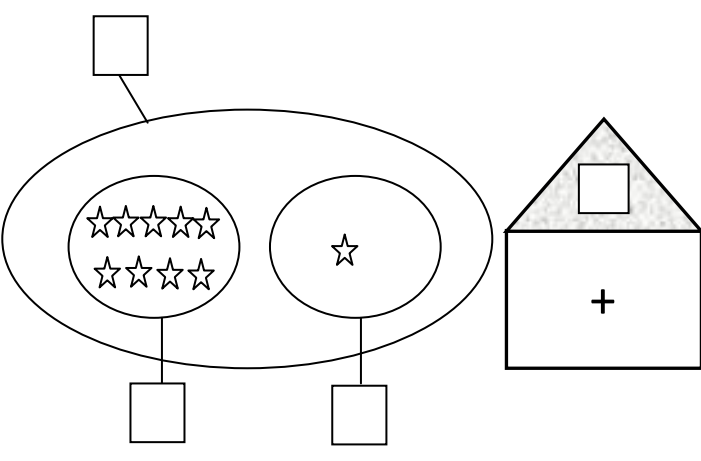

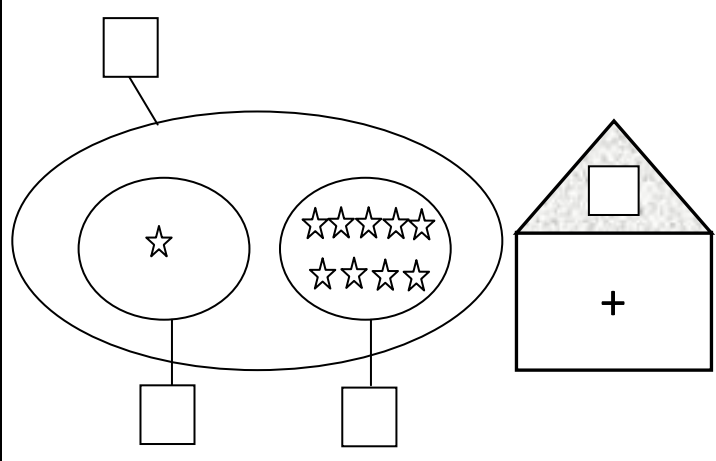

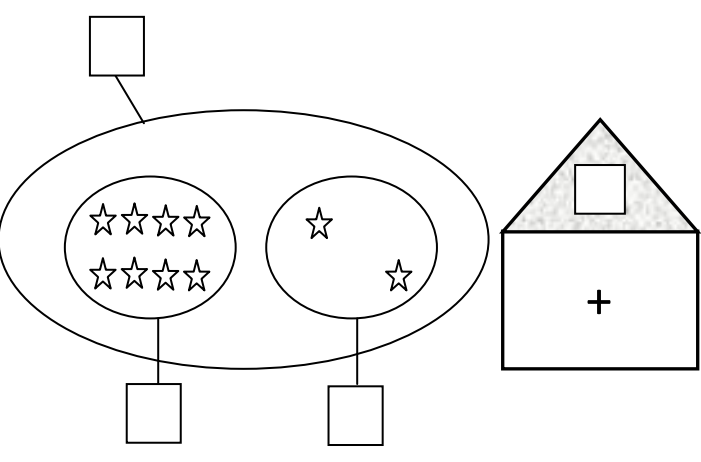

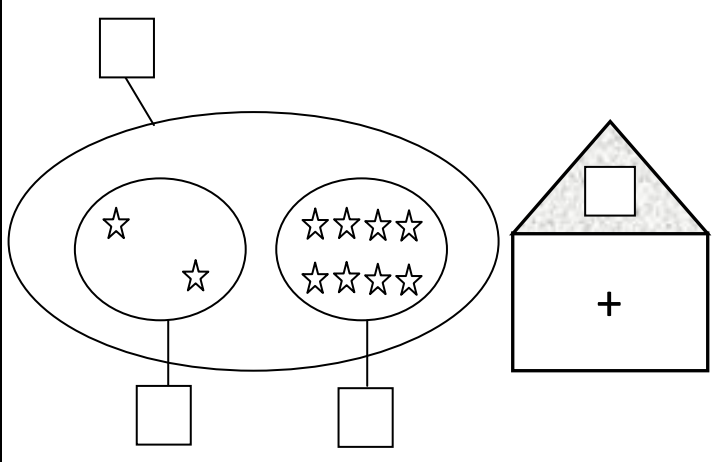

Diagram 1: A large oval contains two smaller circles. The left circle has 8 stars (two rows of four). The right circle has 3 stars (one in the top row, two in the bottom row). A square box is connected to the top of the large oval, and two square boxes are connected to the bottom of the two small circles. To the right is a house-shaped box with a square in its roof and a plus sign in its main body.

Diagram 2: A large oval contains two smaller circles. The left circle has 3 stars (two in the top row, one in the bottom row). The right circle has 8 stars (two rows of four). A square box is connected to the top of the large oval, and two square boxes are connected to the bottom of the two small circles. To the right is a house-shaped box with a square in its roof and a plus sign in its main body.

Diagram 3: A large oval contains two smaller circles. The left circle has 6 stars (two rows of three). The right circle has 4 stars (two in the top row, two in the bottom row). A square box is connected to the top of the large oval, and two square boxes are connected to the bottom of the two small circles. To the right is a house-shaped box with a square in its roof and a plus sign in its main body.

Diagram 4: A large oval contains two smaller circles. The left circle has 4 stars (two in the top row, two in the bottom row). The right circle has 6 stars (two rows of three). A square box is connected to the top of the large oval, and two square boxes are connected to the bottom of the two small circles. To the right is a house-shaped box with a square in its roof and a plus sign in its main body.

Diagram 5: A large empty oval with a square box connected to its top and two square boxes connected to its bottom.

Diagram 6: A large oval contains two smaller circles. The left circle has 5 stars (three in the top row, two in the bottom row). The right circle has 5 stars (three in the top row, two in the bottom row). A square box is connected to the top of the large oval, and two square boxes are connected to the bottom of the two small circles. To the right is a house-shaped box with a square in its roof and a plus sign in its main body.

Diagram 7: A large empty oval with a square box connected to its top and two square boxes connected to its bottom.
